June 2024

• CHILD, ADOLESCENT, & FAMILY PRACTICE •

WonderTree is a pediatric hub designed to support youth and families in Ontario. We offer wrap around, experienced care for families so caregivers don't need to spend time and energy sorting out your next steps.

We have a handpicked multidisciplinary team that is passionate and flexible to meet the needs of our clients. And if your youth is neurodivergent, has complex medical concerns, and/or is twice exceptional, you know how hard it can be to find a good team, so we built one for you. See one of us, or several of us, it is up to you.

OUR KEY PILLARS:

FAMILY FOCUSED

We take a family-centered approach to care delivery. We value partnerships with family members and guardians in addressing the psychological and behavioural needs of their youth. Caregivers are considered experts concerning their children's strengths and needs, and integral to treatment implementation and success. We work together with families within each service whenever possible.

STRENGTH BASED

We focus on our client's internal strengths and resourcefulness, rather than on weaknesses, failures, and shortcomings. This focus sets up a positive mindset that helps you build on your best qualities, find your strengths and improve resilience. We hope to help families discover and tap into their inner strengths to build solutions.

INTERSECTIONALITY

We hold a framework of intersectionality when working with our clients. This describes the ways in which systems of inequality based on gender, race, ethnicity, sexual orientation, gender identity, disability, class and other forms of discrimination "intersect" to create unique dynamics and effects for each individual. Through an awareness of these systems, we can better acknowledge and ground the differences and similarities among us.

AVAILABLE SERVICES

PSYCHOLOGICAL ASSESSMENT

Our licensed psychologists provide psychological, psychoeducational, and neuropsychological assessments in Orangeville, Ontario. The aim of assessments is to describe an individual's unique profile of strengths and areas of need. Assessments can be tailored to each individual, exploring the following areas and more:

- Giftedness
- Learning disabilities
- Intellectual delays
- Attention-Deficit/Hyperactivity disorder
- Autism
- Mental health concerns, such as anxiety, depression, OCD, emerging personality disorders, etc.

CHILD AND ADOLESCENT THERAPY

Our licensed psychologists and social workers have years of experience supporting youth with a variety of presenting concerns and complex profiles, using evidence-based therapies to help youth stabilize, build skills, and thrive.

PARENT COACHING/THERAPY

Our licensed psychologists and social workers provide parent therapy and coaching. We support parents in transforming parenting patterns and parent-child relationships. Parents can utilize our single session consultation model, or ongoing coaching support.

LIFE SKILLS SUPPORT

Our Developmental Service Workers support youth and emerging adults to promote and develop independence skills, social and life skills, participate in community activities, and support individuals with pre-employment skills.

MEDICATION CONSULTATION

WonderTree's Nurse Practitioners can provide medication consultations and ongoing care for medication management for youth aged 6-18. Our NPs have experience in providing care to youth with complex co-occurring concerns.

SPEECH + LANGUAGE THERAPY

Our licensed Speech and Language Pathologists provide web-based assessment and therapy services to children and adolescents to support varying areas of language development (e.g., vocabulary, articulation, motor-speech, receptive language, social-conversation skills, expressive language, fluency, use of communication aids, etc.).

OCCUPATIONAL THERAPY

Our Occupational therapists provide virtual assessment, consultation, and treatment to help youth gain skills and improve their daily functioning. They can work with youth to target a variety of areas for growth (e.g., fine motor, sensory integration, gross motor, executive functioning, self-regulation, attention-based concerns, ect.).

EXECUTIVE FUNCTIONING COACHING

WonderTree Executive Functioning Coaches help youth with developing skills for planning, organizing, starting, and completing tasks. They can help with prioritizing, time management, and tools to stay focused. It focuses on building up the child's executive functioning skills, leading to greater independence and less cueing from others.

TARGETED ACADEMIC SUPPORTS

Our Teachers have Special Education certifications and experience educating neurodivergent youth (autistic, LDs, ID, ADHD, gifted, complex medical). They use tailored tutoring methods to address literacy and numeracy skills. WonderTree teachers can also support gifted learners with passion project learning.

JOB COACHING

Our Job Coach supports youth and emerging adults to promote and develop advocacy skills and support individuals with pre-employment and employment maintenance skills. Our Job Coach works with clients and families to increase the likelihood of finding employment for youth and young adults where this is their goal.

MESSAGE FROM THE DIRECTORS

Dr. Stephanie
Lavoie, C. Psych

Dr. Michelle
Fardella, C. Psych

For over 10 years we have provided psychological and therapeutic services across the public and private sectors—hospitals, community mental health agencies, private practices, and school boards. We have seen how the right team of dedicated and trained professionals can work with families to make a significant difference in a child's life trajectory. We came together at the end of each day and talked about our shared vision of a practice that was accessible to families, provided care across the spectrum of needs for our clients, and would prevent kids from falling through the cracks. That vision is WonderTree. We want to bring that level of service to all of Ontario.

REFERRALS

We welcome physician and professional referrals from across Ontario. However, referrals are not required for families to access our services.

GET IN TOUCH

Phone: 905-425-9525

Secure Fax: 437-900-7263
